- Pencils
- Pens
- Highlighters
- Colored pencils
- 1 package loose leaf paper
- 5 glue sticks (will need more throughout the year)
- Scissors
- Box of tissues (collected in science class)
- Clorox wipes (collected in science class)
- 2 composition notebooks (science and ELA)
- 1 1 or 1.5 inch binder (world cultures)
- 1 11x9 spiral for math (please see note below)

6th Grade

Note: Students will not use a traditional textbook for their math studies this year. Instead, each 6th grader will create a student generated spiral. This will serve as reference material as the year progresses. Since we use the spiral so much, these are the characteristics that ensure that this important item survives the school year:

- i. Sturdy covers
- ii. 3-subject at the least, 5-subject preferred
- iii. Pockets
- iv. Height and width = 11 X 9 inches, this ensures that a full-sized piece of typing paper can be glued in without needing to cut or trim. Having a spiral of this size really helps students keep their spirals neat and organized!!

Individual teachers may ask for specific materials for their class after school starts.

Teachers are always happy for donations of glue sticks, markers, and colored pencils.
