Gorzycki Middle School Campus Advisory Council Meeting Minutes — November 12, 2026

Draft for review — not yet approved

Location: Virtual, via Google Meet
Date: November 12, 2026
Called to order: 4:03 p.m. Central, Ellen Thelen
Adjourned: 4:33 p.m. Central, William Wieners

Present: Principal Tanner, Michael Chu, Elsbeth Clarson, Kari Hibdon, Marissa Streyle, Ellen Thelen, and William Wieners

1. Call to order and approval of prior minutes

Ellen Thelen called the meeting to order at approximately 4:03 p.m. The link to the October minutes was provided, and members reviewed them. Marissa Streyle moved to approve the minutes, and Elsbeth Clarson seconded. The motion passed by voice vote unanimously.

2. Principal's report

Principal Tanner reported no new data set. The next MAP Growth assessment is planned after Thanksgiving break. Principal Tanner said the results would help teachers assess student growth and plan interventions during January through March.

3. Student Success Guide

The council reviewed the district's 2026–27 Student Success Guide as a required topic. Principal Tanner summarized the discipline levels, proactive supports, restorative practices, common Level I conduct, and consequences for vaping. Ellen Thelen said she would submit collective CAC feedback to the district. No policy recommendation was adopted during the meeting. Later, Kari Hibdon reported that a procedural-safeguards link in the section concerning students with disabilities was incorrect; Thelen acknowledged the issue.

4. School improvement and assessment discussion

Principal Tanner said beginning-of-year MAP results had been reviewed previously. Teachers who administered a curriculum-based assessment (CBA) analyzed results during a recent professional-development day. A second CBA is planned for December, alongside other assessment activity. The Campus Improvement Plan (CIP) goals were described as in progress, including work on student subgroup performance, movement from STAAR Meets to Masters,

and fewer student discipline referrals. Principal Tanner said a fuller progress review would be possible after middle-of-year MAP and end-of-semester discipline data are available.

Marissa Streyle asked about the school marquee. Principal Tanner reported that replacement appears preferable to repair, quotes are being gathered, and anticipated funding includes a PTA contribution and campus building-use funds. No purchase date or dollar amount was stated.

5. PTA update

Principal Tanner reported that the PTA had approved teacher grants and that teachers could begin purchasing approved supplies. The PTA was also working on the marquee, had hosted a luncheon that day, and continued Popcorn Friday.

6. Celebrations

Members recognized recent orchestra and choir performances, the student council food drive, the Quiz Bowl teams' reported qualification for a spring national tournament, girls' basketball and boys' soccer, Ms. Hansen's coaching, and the student-produced *Gnasher News* supported by Ms. Zimmerman.

7. Future agenda and adjournment

The next meeting was confirmed for **December 10, 2026**. The council planned to review school improvement measures then and to discuss middle-of-year MAP data in January, when the data is expected to be available.

William Wieners adjourned the meeting at 4:33 p.m.

Editorial status: Draft for member review. The motion maker and seconder were confirmed by Michael Chu after the meeting because his audio was not captured in the transcript. See the detailed notes' "Corrections / Verification Notes" and "Verification Audit" for the source check.
